

KLINKE AUF CINCH techrider

Stand: Oktober 2016

Diese technische Bühnenanweisung ist unsere Optimalvorstellung. Wir kommen auch mit anderem zurecht. Ihr solltet nur vorher Bescheid geben. Danke!

this technical rider is optimal for us. we are able to handle with other equipment. but we have to know, so please contact us before. thanks!

Technische Bühnenanweisung / technical rider

NEEDED

1x Büttec / high stable Table (0,6x2m, 1m tall)

4x Stereo 31-Band EQ Front + Monitoring (incl cables etc)

1x Stereo-Compressor Vocals

1x turntable Technics 1210, including a Needle

4x Monitors (incl Cables and Power)

If you have a FOH on the floor, please reserve 4 Channels and 4x XLR for us.

PA

Use a Sound-System wich fits room-size and handles deep basses easily.

Monitor

3 ways: 4 wedges 15"

Power

3x powerplugs Backline (1x 16A 230 V, separated FI 30mA/200ms)

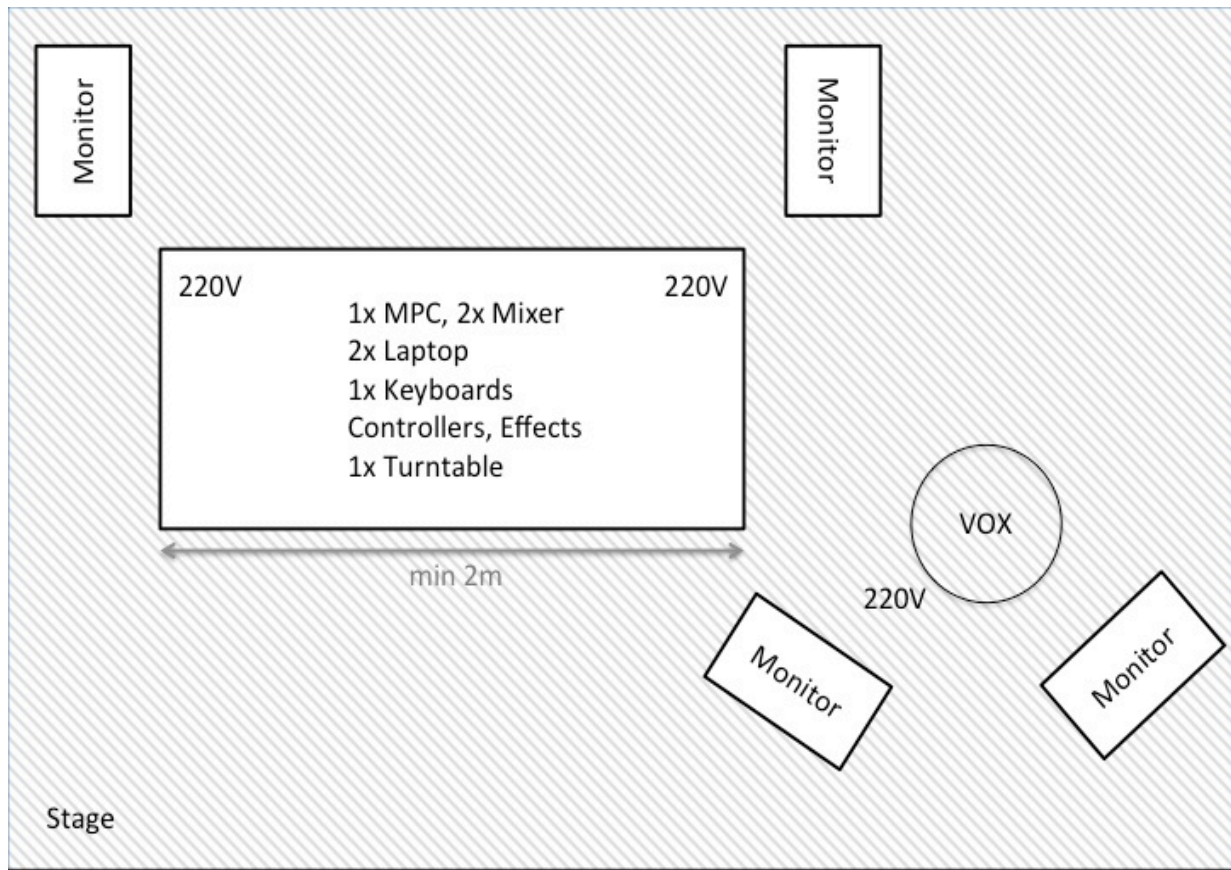

Sound

We need a friendly Soundengineer, who connects us to the Sound-System.
Would be great if he might watch loudness and sound during our show.

Light

Some nice and warm lights would be great. A Visual-Jockey too.

Stageplan

FOH channel-list

Ch	Name		Insert
1	MIXER L	own Mixer Stereo-Out LR	2x EQ
2	MIXER R		
3	VOX dry	Microphone	1x EQ
4	FX	Line-Out
